About Tennis Corps

Tennis Corps is a premiere tennis mentoring program for Veterans and junior players that promotes social inclusion, tolerance, and passion for the sport. The ThanksUSA program partners with training facilities to connect aspiring tennis players with military Veterans, creating an environment of positive role models and community engagement at the facility. With mutual respect and camaraderie, Veterans also benefit through the rehabilitative effects of weekly adaptive tennis clinics and social interaction.

Program Goals and Objectives:

- Instill values in junior tennis players through community engagement
- Connect aspiring tennis players with Veterans who’ve made sacrifices for our country
- Support the Veteran community by developing relationships based on understanding and respect
