

Intelligent Decisions to Host Second Annual Lake Nona Golf Tournament to Benefit ThanksUSA and the Camaraderie Foundation

Annual golf tournament supports military service members, veterans and their families

ORLANDO, Fla. -- Intelligent Decisions, Inc., a premier global IT systems integrator, will host its second annual Lake Nona Golf Tournament to benefit two organizations that support service members and veterans, ThanksUSA and the Camaraderie Foundation. The tournament will take place on Monday, November 18, 2013.

Since 2006, Intelligent Decisions has funded over 100 ThanksUSA scholarships, helping achieve the charity's mission of helping military spouses and dependents pursue post-secondary education. This year, the tournament proceeds will support ThanksUSA and the Camaraderie Foundation, which offers counseling, emotional and spiritual support to military service members, veterans and their families. All proceeds from the event will go to the tournament's charities.

"Supporting the men and women who serve our country is a cause near to our hearts at Intelligent Decisions. Many of our employees are veterans and we work closely on initiatives that prepare our troops for battle," said Harry Martin, president and CEO of Intelligent Decisions. "We are proud to support ThanksUSA and the Camaraderie Foundation--two charities that give generously to those that serve and their families."

Timothy Liezert, Medical Center Director for the VA Medical Center in Orlando, Florida, will deliver opening remarks at this year's tournament. Currently serving nearly 90,000 veterans in East Central Florida, Mr. Liezert supports our military heroes through his every day work and has a strong understanding of their needs. Other special guests who will be present at the tournament include Robert Okun, chairman and CEO for ThanksUSA and retired Colonel Lee Barnes, member of The Camaraderie Foundation board.
